

Take the Next Step...

City Watch is an exciting new program being brought to you by the Ventura County Sheriff's Department. **City Watch** is designed to empower citizens within the community to detect and deter crime. This is accomplished by Police sending detailed information to individual citizens about crimes that are occurring. The information provided to the citizens will be of enough detail as to allow the citizen to identify possible suspects or suspect vehicles involved in crimes. **City Watch** will allow citizens to work individually with the Police Department to provide a crime-free environment in the Ojai Valley.

Our Goal is 15,000 Citizens...

- Receiving real-time information directly from police.
- Watching for crime and criminals.
- Identifying crime and criminals and calling Police.
- Making sure criminals know they are being watched by many citizens who look forward to reporting criminal activity to the Police.
- Taking pride in their neighborhoods and deterring crime.

City Watchers also receive...

- Information* about crimes occurring in their area
- Updates on City Watch Alerts
- Crime Prevention tips on Home Security
- City Watchers **Rewards System**

Help Hook a Crook:

Email your **Name, Address, and Phone Number** to **Sergeant Joe Evans** of the Ventura County Sheriff's Department. Request to be a member of **City Watch**.
